Here are a couple of things you might want to know before your class starts...

Our Facilities...

Pools: We have two pools - the Competition Pool and the Leisure Pool. Both pools are used for swim lessons. Generally, beginners and younger swimmers are on the Leisure Pool side of the facility, in the dunk tank (small pool at bottom of water slide) and more experienced classes are in the Competition Pool.

Locker Rooms: Mens, Womens and Family Locker Rooms are available for use before and after swim lessons. We ask that children 6 and older use the locker room of their gender or family changing rooms. Our Family Locker Rooms are available for assisting opposite gender children ages 6 and older. Anything you don't lock up you should keep with you. You may purchase or borrow a lock at the Front Desk.

Our Instructors...

Training: All of our instructors are American Red Cross WSI (Water Safety Instructor) certified to teach all levels of classes offered at the WARF.

Instructor/Swimmer Ratio: Parent and Child classes allow up to 12 parent & child pairs. Levels (1-2) and Preschool (1-3) classes allow up to 6 participants per class. Levels (3-6) and adult classes may have up to 8 participants.

Your First Day...

Equipment Needs: Other than a bathing suit and towel, equipment needs are few. Caps and goggles are not necessary, but are useful. If your child has long hair and doesn't want to wear a cap, please tie their hair back from their face. If they are reluctant to put their face in the water without goggles, you may want to purchase a pair. Goggles and caps are always available for purchase at the Front Desk.

Before Your First Lesson: Please sign in at the Front Desk before each class. You may ask the Aquatics Supervisor downstairs what location of the pool your class will be held. Please have your child use the bathroom before each class.

Parents...

Observing: Parents are welcome to stay on the pool deck, but we strongly request that you not talk to your child or sit close to their class. The instructor will speak to you if they need assistance.

Presence: Children under 12 must have an adult with them in the building at all times.

After Class...

Your child may stay a few minutes after class is over for free swim. Children under 6 must be accompanied by a swimming adult in the water at all times. We ask that if you would like to stay longer than 15 minutes please purchase a day pass at the Front Desk.

Missed/Cancelled Classes...

If you miss a class, there is no make-up for that class. If we need to cancel a class due to inclement weather, we will make every attempt to schedule a make up class.
